ROBUST & RESILIENT

Reliable and simple setup

The Hawk model is made to support smaller sites with few cameras and minimal need to view real-time footage locally. Data is saved locally or sent to a central data location to ensure continuous recording. Ideal for multi-site installations like retail stores, gas stations and ATMs, Hawk64 provides a simple, low-cost setup that merges seamlessly with your NetFLOW software.

Unveiling the Ultimate Video Surveillance Solution for NetFLOW

Discover the Unparalleled benefits of choosing Hawk for your business. From exceptional support and effortless installation to the outstanding performance of our products, Hawk guarantees an unparalleled enhancement to your video management experience.
